WILDLIFE TRAIL SABAH 6 DAYS/5 NIGHTS

TOUR CODE : WTS

SIC DEPARTURE EX-KOTA KINABALU DAILY

MINIMUM 2 persons

DAY 01 BKI-KINABALU PARK

Depart by 0830hrs from your hotel for a 2 hour drive into the Crocker Range. Enjoy superb mountain views as you travel to the Kinabalu Park at about 1,500m. Check into your accommodation and after lunch we shall explore one of the many trails that lead through the tropical Mountain Oak and Chestnut Forest.

Kinabalu is a botanist's paradise with over a thousand species of Orchids, numerous different Rhododendrons and Pitcher Plants. The bird life is equally fascinating with most species being montane, inclusive a number of endemic. Stay overnight at [Kinabalu Pine Resort](#). (Lunch & Dinner)

DAY 02 KINABALU PARK – PORING HOT SPRING – KINABALU PARK

Drive to Poring Hotsprings, Lowland Dipterocarp Forest makes most of the vegetation at Poring and it is an excellent place to view lowland birds and some mammals. A short trek to the canopy walkway for a bird's eye view of the Tropical Rainforest.

The Canopy Walkway is suspended between trees at a height of 40m and offers an excellent opportunity to observe wildlife in the canopy. At Poring Center, you will have a chance to soak yourselves in the hot sulphur waters renowned for its therapeutic properties. Return and overnight at [Kinabalu Pine Resort](#). (Breakfast , Lunch, Dinner)

DAY 03 KINABALU PARK – KINABATANGAN RIVER

Depart for a 4 hour drive to Kinabatangan river passing through scenic countryside, rice fields, local villages and plantations. [The overland journey to Sandakan is over a stretch of 56km of unsealed road](#). Visit Gomantong Caves famous for the chinese delicacy, bird's nest. Upon arrival, check into Sukau River Lodge. The lower reaches of Kinabatangan River has the greatest concentration of wildlife in Borneo. The most famous creature of all is guaranteed to be sighted is undoubtedly the bizarre Proboscis Monkeys.

Take a boat trip and you will be rewarded with the sightings of this male creature with large pendulous nose, fat belly and thick white tail, leaping forcefully into space and crashing into nearby trees. Overnight [River Lodge](#). (Fullboard)

Day 04 KINABATANGAN RIVER – SANDAKAN

Wake up to the sound of Borneo. As the birds are most active at this time, take another boat trip, this time to the Ox-Bow lakes. The many dramatic and beautiful birds of the Kinabatangan region that may be sighted include elegant egrets, several species of kingfishers, the oriental darter which dives underwater to catch it's prey, swift and vividly colored Bee-eaters and hornbills.

Take a walk along one of the many nature trails designed to view birds and wildlife in the scenic riverine rainforest. Some mammals may be sighted in a hide located next to a saltlick. After lunch, overland to Sandakan. Overnight [Sabah Hotel](#) Sandakan. (Fullboard).

DAY 05 SANDAKAN – SELINGAN ISLAND

1000 hrs transfer to jetty for Selingan Island for swimming, sunbathing or snorkeling (gear can be hired locally). In the night, we wait for the famous green turtles to come ashore to lay eggs. Overnight in simple chalet. (Full board).

DAY 06 SELINGAN ISLAND – SEPILOK – AIRPORT

After breakfast, depart the Island to Sepilok Orang Utan Sanctuary to visit the Orang Utans which have been orphaned, illegally captured and injured being rehabilitated to be sent back to the wild. Transfer to hotel in Sandakan. Tour ends. (Breakfast).

Items to bring for Sabah Wildlife Trail:

Sweater, hat, raincoat, good walking shoes, long sleeve shirt, T-shirt, long trousers, shorts, torchlight, insect repellent, camera with fast film and sunglasses.
